

ABOUT COAST FA

Three local clubs have joined together to deliver its programs under one organization, the Coast Football Alliance (Coast FA). Its purpose is to:

- Offer one unified select (classic) system to better serve the soccer community; and
- Administer its own Rec. league as a feeder system for its select teams.

Rec. players and their parents reap huge rewards in a program that not only provides soccer, but offers a proven system to develop the player as well.

Select players and parents benefit from a unified select player pool from which to roster more competitive select teams.

McDonalds Fall Rec Soccer

Two Locations Socastee Park Carolina Forest Elementary

Whether you just wanna play... or desire to take your game to the next level... we can help...

Our McDonalds Recreational Soccer League has a **player development** twist to it for all participants. During the Rec league season we identify players and invite them to participate in an elite training program that includes select tournament competition. We call it our **Player Development Center (PDC)**.

While the PDC is not for the casual player, those willing to commit to the training schedule may also join.

But that's not all! Just as important is improving the level of play for Rec participants not participating in the PDC. Each week during our league schedule our licensed the coaching staff, with Rec parent/coaches assisting, will hold Rec team practices in an academy/camp environment focusing on individual player skills. Players will improve the quality of their game while, at the same time, parent coaches receive valuable coaching education.

Our goal is for **all participants to have the opportunity to realize their full soccer potential!**
